PROJECTS

Alzheimer's Disease Detection | Deep Learning, CNN [↗](#)

Feb 2024 – May 2024

- Leveraged Convolutional Neural Networks (CNNs) to analyze brain scans for Alzheimer's Disease detection, potentially aiding in earlier diagnosis.
- Achieved a high accuracy of 96 in Alzheimer's Disease detection using CNNs.

Personal Portfolio | HTML, CSS [↗](#)

Jun. 2024 – Aug. 2024

- My portfolio highlights projects built with HTML and CSS, focusing on responsive and visually appealing web designs. It reflects my expertise in creating clean, efficient code and seamless user experiences. Explore my work to see my approach to front-end development.

Hyderabad Tourism Website | HTML, CSS, Javascript [↗](#)

Sept. 2024 – Oct. 2024

- The Hyderabad tourism website was created using HTML, CSS, and JavaScript to showcase the city's attractions, culture, and history, with a responsive design, dynamic sections, and detailed maps for user engagement.

INTERNSHIP

Technical Hub [↗](#)

May 2023 – July 2023

Software Engineer - Intern

Rajahmundry, India

- During my Software Engineer Internship at Technical Hub, I worked on front-end development using HTML, CSS, and JavaScript to enhance user experience. I contributed to cloud-based deployments on Google Cloud Platform, optimizing system performance. I collaborated with teams to troubleshoot issues and implement scalable software solutions. This role allowed me to gain hands-on experience with Git, debugging, and software development best practices.

CERTIFICATIONS

Google Associate Cloud Engineer [↗](#)

- I am certified as a Google Associate Cloud Engineer, demonstrating proficiency in deploying, monitoring, and maintaining solutions on the Google Cloud Platform, paving the way for a career in cloud technology.

Google Cloud Digital Leader [↗](#)

- I am Certified as a Google Cloud Digital Leader, demonstrating expertise in cloud strategy, digital transformation, and leveraging Google Cloud technologies to drive business innovation. Skilled in cloud infrastructure, application modernization, and data management solutions.

ACHIEVEMENTS

- Earned a Badge of Software Defined Storage Concepts from VMware. [↗](#)
- Earned some Badges in C++, Python, and Java from HackerRank.
